## Family Devotional Resources

- **The One Year Classic Family Devotions (One Year Book of Family Devotions)** by Nancy Guthrie. Many parents are searching for ways to bond as a family while encouraging spiritual growth in their kids. The One Year Classic Family Devotions provides a full year of devotions and activities designed to strengthen family time and deepen spiritual awareness. Each devotion includes a story about children and other family members, fostering personal connection with the content. Lessons come from the child's perspective at times and from the parents at other times. An activity page is included every seven days as an additional source of ideas for families to use in their time together. Find this book on Amazon [here](#).
- **Sticky Situations: 365 Devotions for Kids and Families** by Betsy Schmitt *Sticky Situations* is a devotional book for families with children ages 8 to 12 that offers short readings for each day of the year. Each reading begins with a kid who is facing a moral dilemma and ends with multiple-choice solutions for the family to discuss. Often there is more than one acceptable course of action to take. Parents will find tips in the back of the book that interpret the various choices made by the children and offer follow-up questions for further discussion on each topic. Scripture references are provided to give biblical insight into each situation. *Sticky Situations* is a great discussion starter that will give parents the chance to share their own values with their children. - **The Very Best, Hands-On, Kinda Dangerous Family Devotions: 52 Activities Your Kids Will Never Forget** by Tim Shoemaker - As parents hoping to raise godly children, we may understand the importance of regular family devotions. However, we may find it difficult to get our kids (or even ourselves) fully engaged. But what if devotions looked less like sitting in the living room listening to someone read and trying to pry answers out of reluctant kids and more like, say, electrocuting a pickle? Or converting a leaf blower into a toilet paper launcher? Or lighting toothpaste on fire? These hands-on, kinda dangerous, totally unforgettable object lessons (along with nearly fifty others) are not only more fun than other family devotions--they actually deliver the spiritual impact you desire for your kids. They'll even get dads and any too-cool-for-this-stuff teens jazzed about a weekly family devotional time. So put away the

flannelgraph, get out the safety goggles, and start bringing the truths of Scripture to vivid life in your household. Just remember to change out of your Sunday clothes first. [Amazon](#)
